P/N: TF0001-A02

The carts with reduced weight are made of high-grade aluminum alloy extrusions and sheets, stainless steel hardware with approved insulation forms which meet all fire property requirements.

The design of the conventional carts has been proven for decades. Such carts are still the most popular carts in use onboard as meal and beverage carts by most airlines worldwide.

ATLAS, KSSU, ACE or customized configurations are available at customers' choice.

### Typical ATLAS full size meal/beverage carts:

Part Number	Empty Weight (kg/lb)	Remarks
TF0001-A02	21.4 / 47.2	<b>Reduced weight with dry ice trays</b>
